Celebrity Greens offers you a unique opportunity to partner with our artificial grass design and installation experts to deliver premium synthetic turf solutions to your clients.

- ▶ Short courses & tee lines
- ▶ Putting greens
- ▶ Parks & community green spaces
- ▶ Schools & athletic clubs
- ▶ Tennis courts, soccer fields & other sports turf

We've built a strong reputation for exceptional craftsmanship, attention to detail, dedication to meeting deadlines and exceeding expectations. We can work directly with your clients, or in tandem with your team to deliver luxury artificial grass installations for your ongoing construction projects. Our contractor pricing is competitive and allows you to be extremely flexible and competitive when preparing RFPs for your clients.

YOUR DESIGN/BUILD SYNTHETIC TURF PARTNER

Celebrity Greens is an exclusive international design/build firm offering extensive experience and expertise in producing championship caliber synthetic golf greens and other synthetic surfaces for commercial properties, homes, estates and vacation retreats.

SHORT COURSES & TEE LINES

The building of a golf course encompasses many operations. Celebrity Greens is well versed at incorporating various undulations, water features, bunkers, varied terrain characteristics, as well as planning and executing the actual construction phases of grading, drainage, and installation of the artificial turf itself. We maintain a singular and focused commitment to excellence in each and every segment of the process.

Celebrity Greens leads the field with experienced personnel, resources, equipment, and the knowledge to construct championship golfing facilities, which are completed on time, accurate to specifications, and are a credit to the project planners and designers.

CUSTOM PUTTING GREENS

At Celebrity Greens Construction, we know first-hand the dedication our trade requires. We are the first to assert that the only way to design and build a signature putting green is through painstaking planning, careful site preparation, and meticulous attention to detail. From the onset, our professional consultation is available in any of the planning steps prior to actual construction.

Our extensive experience and knowledge working with synthetic turf is invaluable when interpreting even the most subtle characteristics and details of a proposed site. Through a systematic approach to scheduling phases, coordinating the needed materials and manpower, and factoring in weather conditions, our crews are able to construct your project on time and on budget... making you look good, and your client happy.

LAWNS, PARKS, & COMMUNITY GREEN SPACES

Today's synthetic turf has revolutionized lawns and landscaping, but the key is selecting the right firm and the right turf. You want a firm that uses premium US-made turf and materials, which delivers the look and feel of natural grass. Our turf is exceptionally durable and is designed to perform in any climate. It's also the perfect solution for high traffic grassy areas and places that are difficult to maintain.

Additionally, you want a firm that has the expertise to design and install even the most challenging project down to the finest aesthetic detail. Celebrity Greens, the leader in PGA caliber synthetic golf greens, brings that same level of expertise to every lawn and landscape project. This is a property improvement that will look perfect year-round and require little maintenance, saving an enormous amount of time and money annually.

UNIVERSITIES,
SCHOOLS & ATHLETIC CLUBS

*At Celebrity Greens®,
our business is the synthetic
turf business.*

*We live, eat, sleep, and breathe
it, day in and day out. We
are professional design and
construction specialists who
believe in doing the job right
with the proper skills, training,
equipment and know-how.*

*We work seamlessly with
project managers, developers,
architectural engineers, sports
facilities managers, athletic field
project coordinators, landscape
architects, facility operations
managers, and other contractors
to ensure cost estimating,
planning, and preparation
needs are met; the design is
flawless, and the execution of the
installation is second to none.*

CELEBRITY & PROFESSIONAL ENDORSEMENTS

Due to the premium quality of Celebrity Greens' work, we have amassed a number of celebrity and impressive PGA-pro endorsements. Most notably, our golf pros include: Masters Champion & The Open Champion Mark O'Meara, 6-time Major Champion Sir Nick Faldo, US Open Champion Gary Woodland, US Open and Masters Champion Jon Rahm, FedEx Champion Justin Thomas, 2-time Masters Champion Ben Crenshaw, Ryder Cup Team Members Max Homa and Paul Casey, PGA Tour Players Keegan Bradley, Nate Lashley, Kevin Streelman and Chad Ramey. Other clients include TV Sports Analysts Gary McCord and top 100 golf instructors Matt Killen and Peter Kostis, NHL legend and celebrity scratch golfer Jeremy Roenick, NHL Star Auston Matthews, MLB Legends George Brett & Roger Clemens and others including Bret Baier, Arron Oberholser, Rusty Wallace, Mark Mulder, Herm Edwards, Dennis Miller and Jim McClean, and the list just continues to grow.

Some of our notable commercial projects include Shortland Golf Course, a 110,000 sq. ft. Par 3 short-course golf club in Wilsonville, Oregon, featuring "The Nest", a 19-hole putting course, along with Cliffhangers Golf Course in Branson, Missouri, the 70,000 sq. ft. installation at the PGA of America Headquarters in Frisco, Texas, the Hotel del Coronado, the Papago Golf Facility designed by Phil Mickelson for Arizona State University, and golf practice facilities for Stetson University, the University of San Diego, and the University of Minnesota. Internationally, we've installed putting greens at the Rusacks Hotel, overlooking the 18th at St Andrews Old Course, along with 7,000 sq. ft. greens at Marine Troon, Marine North Berwick, Royal Dornoch Golf Club, and Slieve Donard.
